Limited Warranty for Amarr Coastal Collection Sections Manufactured by Fimbel Architectural Door Specialties

If your Coastal Collection garage door sections crack, split or peel, Fimbel Architectural Door Specialties will repair or replace those sections for as long as you own the sections, providing the sections have been left natural white or painted with heat reflective vinyl-safe paint in strict accordance with the recommended paint instructions by Fimbel Architectural Door Specialties. If sections have been factory-pre-drilled for decorative clavos and clavos are not installed, section damage from failure to install the clavos will void the warranty. Please refer to Finishing Instructions below.

Limited Warranty for Amarr Hardware for Amarr Coastal Collection

Amarr Garage Doors warrants to the original purchaser that if any part or hardware (excluding exterior decorative hardware) supplied by Amarr for Amarr Coastal Collection Garage Doors is defective in material or workmanship, we will repair or replace it for (3) three-years from the date of purchase. The three-year hardware warranty applies to standard lift and low headroom applications only (not to high-lift or vertical lift) and only when utilizing 15", 20" or 32" radius track.

Cleaning Instructions for Amarr Coastal Collection Sections

In order to ensure years of trouble-free performance, the face and edges of the Coastal Collection sections are UV-resistant and may be left in their natural white color. For general cleaning, use warm water and a dishwashing liquid soap. DO NOT use cleaners containing acid or solvents like MEK, acetone or Toulon. For more stubborn situations, Soft Scrub, Clorox Cleanup or Clorox Outdoors can be used. Be sure to scrub with the grain of the surface. For the most stubborn of stains, lightly sand with 200 to 220 grit paper, and always sand with the grain. The door surfaced can be wiped with denatured alcohol to remove any soap, cleaner residue or dust.

Finishing Instructions for Amarr Coastal Collection Sections

Use of any paint or stain finish other than the two recommended options mentioned below is done at the customer's risk. Damage resulting from failure to follow these finishing instructions will void the warranty.

Clean sections by following cleaning instructions above. For painted sections, use one of the two options: (1) Sherwin Williams VINYLSAFE Resilience paint system for standard colors only is the recommended heat reflective paint for the Coastal Collection sections. This heat reflective paint system is specifically formulated to bond to vinyl surfaces and reflect the sun's rays off the vinyl surface, cooling and protecting the surface and allows for a wide range of color choices. Sherwin Williams VINYLSAFE Resilience custom mixed colors will void warranty. (2) The Coastal Collection sections are available with a professionally applied, pre-finished paint stain color. These paints are high performance, heat-reflective vinyl paints that have a 15-year warranty from the paint manufacturer. Failure to follow the recommended finishing instructions MAY lead to premature failure of the sections and voids the section warranty.

For stained sections, the only available option is to order professionally applied, pre-finished stain color sections from Amarr. These paint and stains are high performance, heat-reflective gel stains that have a 15-year warranty from the stain manufacturer. Any field staining voids the section warranty.
